Lefteris Loizides
FULL-STACK DEVELOPER

+357 96 794 474
Nicosia, Cyprus

An ambitious problem solver and lifelong learner with a passion for creating visual and interactive web applications. I've been known to come up with out-of-the-box solutions and I would like to join a team of like-minded developers.

I'm extensively skilled in popular stack (HTML/CSS, TS, React.js, Node.js) and different developer tools. I'm ready to study and learn new frameworks and eager to acquire new skills.

SKILLS

- Typescript, JavaScript (ES2015 - 2019), REST API
- React,js, Node.js, NextJS
- HTML5, CSS3, SCSS, BEM, Bulma, MaterialUI, Tailwind
- OOP understanding, MongoDB, PostgreSQL, Prisma
- Figma
- Git/Github/Gitlab, VS Code, PhpStorm, Chrome Developer Tools (incl. React), NPM
- Jira
- Algorithms: Solved 100+ algorithmic tasks
- English: Advanced

EXPERIENCE

Software Developer
Aylo, March 2023 - Present | Remote
Technologies: JavaScript, React, MaterialUI, PHP, Webpack
Responsibilities:
- Take on and complete new projects in a timely manner, as well as upkeep and maintain older projects
- Remove or upgrade legacy JavaScript code to the latest ECMAScript standards

Full-Stack Developer,
Personal projects, Oct 2022 - Present
Technologies: JavaScript, React, Typescript, Tailwind, NextJS, Prisma, OpenAI API
See some of my projects:
- AI Logo Generator (Some sections are unfinished)
- Personal Portfolio
- AI Article Summarizer

Cook,
Uptown Square, Jul 2020 - Mar 2022 | Limassol
Responsibilities:
- Prepared or overlooked the preparation of most of the meat components for the daily catering
- Held daily tasting sessions with department supervisors to ensure product quality
Key accomplishments:
- Determined quality-compromising factors and introduced solutions
- Reduced costs by reducing the use of cooking equipment by 6-8 hours/week, while maintaining a satisfying level of quality

EDUCATION

Institution Global College | 2019 - 2020
